U.S. VETS Midtown Terrace facility was opened in 1997.

It features 170 units of transitional and permanent housing and 72 program beds. The facility is undergoing complete renovation and is seeking support for this through donations of materials and cash.

Special needs programs include a Critical Time Intervention Program, a joint program with the VA Medical Center designed to reach out to homeless veterans with mental illness. The staff also works with VETS to assist them in finding employment and job training. Other services include:

- * 242 bed veteran facility
- * Veteran's Career Center
- * Employment Programs
- * Supportive Services
- * Transitional Housing
